BOUREMEL WALID

Algiers, Algeria | +213 541 771 729 | walidbourmel44@gmail.com | LinkedIn | GitHub

Data Analyst skilled in Python, SQL, Power BI, and Tableau, with a focus on turning complex datasets into clear, actionable business insights. Experienced in developing KPI-focused dashboards, streamlining reporting processes, and conducting exploratory data analysis to inform business decisions. Committed to delivering practical, insight-led analytical solutions.

TECHNICAL SKILLS

Programming and Querying: SQL Server, Python (Pandas, NumPy, Scikit-learn), ETL, Data Mapping, Data Profiling
Data Visualization and BI Tools: Power BI (DAX, KPIs, Power Query), Tableau, Advanced Excel (Pivot Tables, XLOOKUP), Reporting
Data Management and Analytics: Data Extraction, Manipulation, Processing, Modeling, Data Governance, Quality Assessment, Data Migration, Quantitative & Qualitative Analysis
Soft Skills: KPI Monitoring, Dashboard Automation, Data Validation, Stakeholder Management, Insight Generation, Cross-Functional Collaboration, Problem Solving, Communication.
Tools: Git/GitHub, VS Code, Figma, WordPress

EDUCATION

Master's Degree in Computer Science — Data Analysis and Data Science | University of Algiers 1 Sep 2024 – Jul 2026
Bachelor's Degree in Mathematics and Computer Science | University of Algiers 1 Sep 2021 – Sep 2024

PROJECTS

DZ Market Intelligence — Business Intelligence & Demand Forecasting Oct 2026 – Nov 2026
Python, SQL, ML, Power BI | GitHub
- Engineered a retail analytics platform processing 468K+ sales lines and 4.5M+ inventory records across 15 simulated stores and 500 products over three years.
- Built demand forecasting and SQL star-schema analytics pipelines with 50 data-quality checks and 21 integrity checks, delivered through a six-page Streamlit app and Power BI dashboard.

Waxoria — Demand Forecasting & Inventory Intelligence Sep 2026 – Oct 2026
Python, Scikit-learn, Streamlit, Power BI | GitHub
- Processed 913K daily sales records across 10 stores and 50 products over 1,826 days, evaluating forecasting models across 500 store–product demand series.
- Implemented forecasting and inventory optimization; Random Forest reduced MAE by 1.72 units per series versus the 7-day average baseline across 97.6% of series.

E-Commerce Sales Analytics Sep 2026 – Oct 2026
Python, Pandas, PostgreSQL, Power BI | GitHub
- Analyzed approximately 100K Brazilian Olist orders (2016–2018), examining customers, products, payments, sellers, delivery, and regional sales.
- Created 19 PostgreSQL analysis queries and a Power BI dashboard to track revenue, order volume, items sold, customer behavior, and geographic performance.

EXPERIENCE

Data Science Intern | Directorate of Fisheries and Aquaculture of Algiers Feb 2026 – Apr 2026
- Analyzed **five years** of **sardine production data** (2018–2022) across **35 fishing ports**.
- Used **Python** and **statistical analysis** to examine **production trends**, patterns, and variations.
- Applied **PCA** and **K-Means clustering** to identify **production profiles**.
- Developed **SARIMA** and **LSTM forecasting models** and presented findings through an interactive **Power BI dashboard**.

Database Administration Intern | Banque Extérieure d'Algérie (BEA) Feb 2024 – May 2024
- Supported **database administration and maintenance** within the **Information Systems Department**.
- Worked with **Oracle Database** and **MySQL** to assist with relational database operations and **SQL-based data management**.
- Assisted with **database monitoring**, **security**, and **capacity planning**.
- Contributed to performance-related tasks supporting **database reliability**, **availability**, and **operational continuity**.

CERTIFICATIONS

- **SAP Certified – Data Analyst – SAP Analytics Cloud** Nov 2026 – Nov 2027
- **Astronomer Certified for AI Orchestration Fundamentals** Sep 2026
- **AWS: Becoming a Machine Learning Engineer — Manara** Sep 2025
- **AWS: AI Practitioner Certificate — Manara** Sep 2025
- **Introduction to Data Science — Cisco Networking Academy** Sep 2025
- **Data Science & Analytics — HP LIFE** May 2024
